

ANNOUNCEMENT - THE AVA - DAVID MARR MEDAL

ANNOUNCEMENT OF AWARD 2012

Every 2 years, the AVA invites nominations for the David Marr medal, recognizing the achievements of an outstanding vision scientist in the early part of his or her research career. The award is named in memory of one of Britain's most distinguished vision researchers.

The AVA is therefore pleased to announce that:

- for his innovative experimental, theoretical and modelling work – principally in human visual perception and psychophysics, but also in electrophysiology and neuroimaging - the Marr award for 2012 will go to **Dr Peter Neri** at the University of Aberdeen.

Dr Peter Neri

- Dr Neri will be invited to receive the award and to give a talk on his research at a later AVA meeting, in May or December 2012.
- Our warm congratulations go to Peter as winner of the AVA Marr award 2012.
